

TRASH REMINDER

Please help keep the trash enclosures clean and free of bulk items and trash on the ground. There are a few trash containers throughout the community. If you notice one becoming full do not overfill it, go to the next dumpster that is not as full to prevent overage.

Did you know that any trash thrown on the ground is not picked up by waste management it is left. Help keep the community clean by making sure your trash makes it in the dumpster and not on the ground.

If you have a bulk item that needs to be picked up please contact 909-395-2050 to schedule a bulk pickup item. Please note that each unit get 2 free bulk item pick ups per year.

It is important to keep the enclosures clean and not overfilled . If the association is charged extra for overage fees this not only impacts the association but the owner as well. You may not receive a bill for trash services but you do pay for this in your monthly assessment. In order to keep from having assessments go up every year due to extra costs for things that can be prevented help keep the community clean.
